

Partner Solutions

Partner+

Take advantage of our exclusive Partner+ program

You're a star in the industry. It's time someone supported your ambition and drive to grow your business.

Perks of the program

- **Education** Gain access to professional development opportunities, including discounts on industry memberships and CE-accredited webinars.
- **Value-added solutions** Test drive People Corporation's custom product and service offerings for yourself, free of charge. Your clients will benefit from your first-hand knowledge and receive exclusive discounted rates.
- **Business intelligence** Grow your business with marketing and sales support backed by industry trends and technology.

Qualified advisors will receive an email with the details on how to start accessing the discounts and free services available.

Partner+ perks

Education

Canadian Group Insurance Brokers (CGIB) member discount

As a Partner+ advisor, your annual membership fee (pro-rated) is 50% off. We'll subsidize the other half as part of our commitment to helping you grow your business.

A CGIB membership offers educational seminars and videos, a bi-monthly newsletter, exclusive industry events, and networking opportunities. Gain insights and knowledge from over 50,000 years of industry experience from your colleagues.

Value-Added Solutions

HR OnCall

Your time is precious, and managing people can be complicated. Partner+ firms get free access to HR OnCall, so costly human resources issues can be avoided.

HR OnCall provides expert guidance for general HR inquiries, such as navigating legislation, reviewing elements of policy design and workplace procedures, and assisting with employee discipline and termination.

People Connect

Even superstars have low days now and then. That's why Partner+ advisors have complimentary access to our mental health resources centre. You and your employees can explore the video, audio and blog library, use the mental health self-assessment tool, and even connect virtually with an affordable live therapist.

SelfHelpWorks

We're compelled to help you and your employees learn how to combat life's challenges.

Whether it be restless nights or anxiety, controlling or maintaining a healthy weight, or substance use issues (from smoking to alcohol, and more), SelfHelpWorks has you covered.

Through innovative online cognitive learning, these programs help break through unhealthy habits to form new and healthy ones.

My Wellness

Keeping you and your staff fresh and happy so you can be the best ally for your clients is our priority.

Sign-up for free and receive the monthly My Wellness Connection email. It includes a link to Body Bulletin Canada, an electronic health and wellness newsletter, a "Did You Know?" poster, and a health and wellness spotlight of the month.

People Advantage

Now you too can enjoy the People Advantage preferred provider network (PPN). Gain access to the exclusive network of in-store and online pharmacy discounts on both mark-up and dispensing fees. Plus, get preferred pricing on vision benefits and "clearly see" the savings.

What better way to pass on your expertise than by experiencing the benefits yourself?

Ready to take your business to the next level?
